### **COPS MORE Redeployment Workshop**

---

The Carolinas' Institute for Community Policing will host the COPS Office Redeployment Workshop for COPS MORE Grantees.

**Thursday, August 10, 2000  
9:00 a.m. to 3:00 p.m.  
Clarion Hotel - Charlotte  
321 West Wood Road  
Charlotte, NC 28217  
(704) 523-1400**

Following up on your invitation from the Director of the COPS Office, the Carolinas' Institute for Community Policing is presenting a unique opportunity for you to work with the COPS Office MORE team to learn more about effective redeployment. Have your questions answered by the experts!

Training is being conducted for MORE grantees in North Carolina. We are suggesting that one of the representatives should be responsible for administering the grant.

Grantees will receive valuable information to help facilitate redeployment to allow more time on the beat and to work directly with the community. In addition, other grant management issues will also be covered. This workshop is not designed to provide guidance on the financial management of the MORE grant or to address concerns that are highly technical in nature.

The Carolinas' Institute for Community Policing will be the host site for this training and will coordinate registration activities.
